## Faculty Guidelines

### What is Big Interview?

Big Interview is a system designed to help you ace your interview and win the job! Combining a proven, step-by-step curriculum of expert video lessons with AI-based virtual practice interview tools to make you really good, really fast, no matter what life circumstances you find yourself in.

### Setting Up Your Assignment

1. Contact the Career, Mentoring, and Professional Development Center to receive a "Class Assignment Code".
2. Share this code with your students to allow them access to the assignment.
3. Assignments will be graded by the CMPDC team and the feedback will be shared with you and your students.
4. If you would like a copy of the student's video interviews, have them use the "share" feature to have it sent directly to you from Big Interview.

Scan here for more information on the "Share" feature!
