Major(s): All Majors

Website: <http://www.borough.chambersburg.pa.us/>

Industry: Government- Local, State, and Federal

Company Overview: Chambersburg is one of 35 Boroughs in Pennsylvania to own and operate an electric utility. Chambersburg is the largest municipal electric utility in the State, twice as large as the second largest, Ephrata, Lancaster County; and, the only one to operate multiple generation stations. Chambersburg is one of two municipalities in Pennsylvania to own and operate a public gas utility. The other is Philadelphia, which does not operate an electric utility. Chambersburg is one of around 2,000 communities to have its own electric system and one of 1,000 communities to run a natural gas system, but one of only about 60 in the U.S. to operate both systems, out of 89,000 local governments. In addition, Chambersburg operates a regional water system and a regional sanitary sewer system; not through an independent Authority or an intermunicipal board, but under Town Council control directly. Further, Chambersburg operates a trash utility, a parking utility, and a new storm sewer utility.

Company Overview: At Flagger Force, we believe that keeping our communities moving goes further than traffic control. Though yes, we literally keep communities moving, we believe there's momentum in that movement—that we need to meet expectations and then do more. It's doing these things well and with integrity that allows our team, clients, and communities to trust in this promise. At Flagger Force we often refer to ourselves as a 'people company'. Our intention is to hire and develop our employees for fulfilling careers at every level of our organization. The key to providing valuable career opportunities starts by assembling an effective leadership team. Only by attracting and retaining the best talent can we continue our vision of making a positive difference in the safety of others as well as the quality and expectations for the traffic control industry as a whole. We have high standards and they start from the top down. Our leadership is responsible for the lives and well-being of over 1,800 employees, hundreds of clients, and countless members of the traveling public.

As a value-added distributor of waterworks infrastructure products, we're involved in each of the intricate parts that make water systems function. Without companies like ours, millions of people would be without clean water. By joining our team, you can play a role in helping to keep the Earth's most precious natural resources available to those who use it! LB Water interns will have the opportunity to work in each of the following areas: warehouse, inventory, inside sales, outside sales, shipping and transport, and LB Water's specialty lines of business. Responsibilities may include, but are not limited to: assisting with sales calls, managing inventory, compiling comprehensive material lists from engineer issued blueprints, gathering and verifying products for shipment, and developing quotes for customer orders.
